INTRODUCTION

Kiwi Scourers Ltd is one of the largest manufacturers of cleaning products such as Abrasive Scouring Pads, Sponge Scouring Pads, Foam Laminated Scouring Pads, Steel Scouring Balls and etc. The company is based in Juja, Kenya, with over 25 years of experience in manufacturing of household items. The home care division offers customised products with private labeling to all customers. Kiwi Scourers Ltd Establishment was built in the spirit of innovation and dedication to providing quality products at most affordable price. We approach this philosophy with discipline and this drives us to produce a successful range of well designed, creative products. Our core business is centered around the manufacture of household and professional cleaning items. We are KEBS (Kenya Bureau of Standard) certified. This ensures that our quality is up to international standards and provides that boost of extra consumer confidence in knowing that we provide only the best.

VISION

Our vision is to completely and quickly negotiate economically sound products that provide key differentiators between us and our competitors.

MISSION

Our goal is to competently revolutionize client-based results such that we may continue to authoritatively initiate strategic benefits while maintaining the highest standards.
